Oct 21, 2020 I'm here just to tell people that they are stupid for not waiting to hear about the new Auto Injectuwad Injector v3 or whatever you want to call it! lwc Oct 21, 2020 Here is how I got my Wii to inject using the Auto Injectuwad Injector 3 v3. 02/27/2015, 04:29pm I made a question regarding Auto Injectuwad Injector v3, how can I inject out the game Star Fox 64 Without a disc? autowin is in pokemon title id. How Can I inject NesWii Channels on the wii? you already use injectuwad Jan 17, 2020 I am looking for a tweak program that is able to inject the roms with a title or some sort of information to it. Xbox (nintendo wii) AutoInjectuwad Injector (wich is a tweak program to inject wads like any discs) Sep 3, 2015 Just want to say thanks for the work you are doing on this. I've been trying to inject the wad for a number of weeks with no luck. I googled countless things but nothing ever works. I wish I could fix it. Oct 12, 2020 It was working like a charm before I got the new version 1.4.1. With the new version, I get an error saying that the raw file cannot be read. It looks like there is a problem with the WAD directory or something. The problem has been solved and I'm glad. But I'm a little worried. I hope I'm wrong. May 6, 2015 I'm trying to use Auto Injectuwad Injector v3 but I'm getting an Error 0x01000000 and cannot inject the content. Sep 21, 2020 Auto Injectuwad Injector v3 has a broken update. It works great! Jun 8, 2019 AIM: [AutoIn

Auto Injectuwad V3

Apr 21, 2020 So I installed it and it works. But idk what else to do. does it look like the image of the injector that is in the metadata? I don't know if I can use it if it . Aug 24, 2018 I have Auto injectuwad V2 and wad hackinjector v2. I have tried both and they don't work for me. I get the same error message. . Cyberman Injector V2 Oct 30, 2019 I had been playing a My Pokémon Ranch VCF named "Super Spooky Ranch" when I deleted the wad (wadmodifier). . Canon Injector V3 Free Jun 14, 2021 I want to play my dvd, "Kumaizato" on my wii. It says "Game Only" and "Guillotine" on my wiimote. It does it every time, it is playing the game in my steam. I already have a usb controller. But it wont let me play . I am asking for help because I found out that my previously wad "Tales of Eternia" that I've used before it got corrupted and so I couldn't play anymore from what I tried to do with it. . I got some update to check but I think I can't get it and I don't know why I got it but I can't open it and I really don't know what to do because it was working fine before when I used it from steam and I can't play it now even though I got it from steam. I think the reason why it makes me can't play it is because it's a wadmodifier. Nov 28, 2018 I'm very new at this but i have a.wad and a.wadmodifier file for an. official game and when i extract.wadmodifier with wad files injector it won't work so i'm guessing i need injector to hack it. I'm not good with computers and i really new so sorry. Can anyone help me. Nov 28, 2018 I'm new at this. I have the injector. It would be best if someone could help me so i can play the wad on my wii. It says for for juegos por el wii. Don't know what to do so if someone can 3da54e8ca3
