is a 3D computer animation software with powerful modeling, rendering, simulation, texturing and animation tools for artists, modelers and animators. Fast modeling tools and engine architecture allow you to create complex scenes and scenes with a large number of objects. Delcam Spectra includes the original engine from Delcams - a complete and methodically verified software that allows you to create digital 3D models, graphics, animation and sound using various tools. The engine is based on intuitive tools that allow you to perform all the necessary actions, whether it is measuring physical parameters, setting model parameters, retouching, creating model elements, etc. An intuitive interface and ongoing support for external training make working with Delcami simple and easy. ALC "DelkaSoft" is the official representative of Delcamm in the Republic of Belarus. If you have any questions, please call +375297666249 or write to delcams.by. New version of Ultra Cubes R15.3.exe for complex processing of digital photos, videos and graphic files. Delcama users are already using the new version of Ultra Cubes to process their own digital photos and work with the latest models of cameras. We are also pleased to announce that since this year we have been served by the new "Dealer" program by Alexandra Pivovarenko. From now on, you will be able to purchase 3D Architect Studio 2010 software - a comprehensive solution for designing, creating, managing engineering systems of objects of any complexity, created on the basis of the latest DelCam technologies. 3D Studio is a complete package of tools for designers, architects, constructors, engineers. The software product differs from previous versions in higher performance, efficiency and reliability. Thanks to this, the program becomes a universal tool for designing buildings and structures, solving a whole range of problems in construction, production and operation. 3D Architect provides the construction of drawings, maintenance of specifications, preparation of design documentation. The program is convenient to use both in close cooperation with an architect, design engineer, and as an independent product. The Mentos Consulting Ukraine conference has ended. For two days, the guests of the conference had the opportunity to get acquainted with innovative solutions in the development and implementation of new products at the enterprise, as well as make presentations on topical issues. The program covered a variety of topics.
