Inclusion of the Machinmakers HSW Instrument Pack, with its extensive library of standard tests, is the essence of this package and ensures that no statement or opinion can be overlooked. Standard Test Suite Pack The Standard Test Suite Pack supplies a well-selected collection of psychometric tests for the diagnostic assessment of reading and language skills. The collection consists of: * CART batteries (Nonword Reading, Consonant Blending and Vocabulary), * WISC batteries (Digit Span, Similarities, Picture Completion, Picture Arrangement, Object Assembly and Coding) and * PPVT batteries (Phonological Awareness, Phonemic Awareness, Fluency). The instruments used and the test results obtained are comparable with those obtained in professional settings. The tests comprise assessments of phonological awareness, short term memory, and reading comprehension and can be utilised for several purposes including early screening, personalisation, curricula planning and evaluation. The tests are available in both paper and pencil form. • Standard Test Suite Pack 320460 • Ifep.ndowrse al Fpstiho K4ll.ck VANCOUVER – The Vancouver Whitecaps outstripped their MLS counterparts on Saturday in earning the third win of the Canadian Championship, a 3-1 triumph over FC Edmonton. A pair of goals in the second half from Camilo Sanvezzo and Darren Mattocks gave the Whitecaps a commanding lead, one that saw them win by way of an unearned tally from captain Jay DeMerit. It was a win in another tournament that included Stefan Frei. The Whitecaps goalkeeper, who was playing in his second match of the tournament, made a pair of key stops in the second half as Edmonton attempted to get back into the game. "They're a quality team," Whitecaps head coach Martin Rennie said after the match. "They have made a big investment in their team and I think that shows. They have a great team, they're a difficult team to play against, and we'll need to be at our best if we are to be successful on Sunday."
