-50 levels -30 unique achievements -Many highscores -Autosave
-Great graphics and music In every level you will find a set of three columns. The bat will move continuously through them. You must guide the bat in the right direction so that it avoids hitting the columns and falls down. When you begin each level there will be a time limit and you must finish the level within that

time. If you are unable to guide the stupid bat you will lose a life (but if you do hit the columns you will lose half of your lives).

Remember, the bat is your friend, guide the bat as well as you can. There are a total of 50 levels, but only 5 achievements.

Artwork: (these graphics are the only graphics used) Stupid Bat Tutorial, How to play: 1. Tap on the screen to control the bat. 2. You can also use the virtual keyboard to type, you can use the right arrow key to move the bat right or the left arrow key to move the bat left. 3. Remember, the bat is your friend and the bat is always watching you. Do not worry if the bat die, he will respawn at the beginning of the level, but make sure to guide the bat to the right path. 4. Enjoy your time playing Stupid Bat.

When the game starts the first question is asking the kids to add the amount of apples & pears they had in their house the night before. The questions goes on, from addition with fractions to average. At the hard level there are 4 questions for each operation. For each of the 4 questions there is 1 correct and 1 wrong answer possible. After answering the questions the kids will have the option to choose the correct answer and give their answer in a separate box in the menu. The correct answer is then displayed in the question section, where the kids can decide whether they want to give another try, quit the game, exit to the homepage, or to go to the next level. If they chose the next level the game will continue, if they decide to quit the game they will be given a score and the kids can replay the level they just finished by choosing the option to select the level they are going to play next. Option to play against the computer is also available and you can compare your and the computer's scores.

IMPORTANT INFORMATION FOR PARENTS, SCHOOLS AND TEACHERS:

- Teachers or parents can set the difficulty level by choosing how many questions each operation has, since there is 1 correct and 1 wrong answer, so the number of questions varies from level to level
- This game is designed by teachers, for teachers, for students, for parents
- The math operations (addition, subtraction, multiplication and division) are available from 0-1000
- The music in the game is specially written and produced by professional musicians in Greece
- The Greek mythology lessons can be optional

What's new in Almost My Floor: Prologue:

StrayDoll Conflict (known as StrayDoll Conflict Girls in Japan) is a fighting game developed by Tokyo Studio for the GameCube, PlayStation 2 and Xbox. It was released in Japan in 2004 and later in Europe in 2006. Plot The story takes place at an unknown time after the Tricentauri exploded, taking life on Earth with it. The Seven Tricentauri Warriors were all destroyed, except for Skull, who was subdued by Kamui. In fact, Skull managed to conquer the Seven Wonders that Kuon built in order to eat Kamui. As a result, Earth is now ruled by Skull, who has introduced Tricentauri weaponry into modern science, setting in motion the Deep/Night Phase. A few years have gone by now, and Ace Lucky Alchi escapes from Skull's rule. Joined by Kasumi, the two meet up with Spike, a former Marvel Comics superhero turned regular, and another human friend of theirs. Together, they all fight against the Deep/Night Phase. Every stage takes place at night. Skull's devices illuminate the streets and defeat the enemies and the Neon Rogues from the real world. Characters Ace Lucky A normal human, he is well-known for his playful antics, making him Spike's rival. He is known to love his job, although his hobbies include fishing, boxing, bowling, skateboarding and bowling. He's very observant of

things that happen around him. He is voiced by Kappei Yamaguchi. Kasumi A normal human girl, she is a fortune teller. Although trained in jujutsu, she has difficulty in performing it due to her clumsiness. She is nicknamed "Tengu Masked Girl" and is originally from Kyushu. She is voiced by Hisako Kanemoto. Spike As the namesake of the game, he is a familiar Marvel Comics character who has the power to activate Phobos, the Seven-Man Rangers, and power other Marvel Comics characters. The story begins with Ace and Kasumi hiring him as a friend. He works part time as a convenience store clerk and is voiced by Kappei Yamaguchi. Neon Rogue A member of the Tricentauri Empire alongside Skull, although she's is quite psychotic towards humans. Her command center is located in Uranus. She is voiced by Eiji Takemoto. Dr. Hell-Nation A voice actor of

The lands of Middle-earth are fracturing as the last of the Elves take their leave. To avoid the darkness and back into the light, a small band of Elves embark on a mission of ridding the land of evil and returning to Lórien. The beings of the world never truly die, and the Vilya stone of the Wandering Land has in fact already begun to possess the elves once again. Soon, the Elves will meet with those who will hasten their return home... Please note that our forums are not linked to Steam.
