All in Virtual Reality! Become an astronaut First Woman in Space transports you into the body of the first woman to go into space. View the world through the eyes of Astronaut Turova as she navigates through the male dominated world of astronaut training. Experience how it feels when most people around you don't believe in you. Research shows that this type of experience can reduce your bias: by playing Humanity: First Woman in Space, you are not only having fun but you are increasing harmony in the world! Wasn't She Pregnant? It's true! The US government didn't want First Woman in Space to have a baby in space and therefore, they create a male body double for her! Wonderful! The VR experience is really fun! I found it very immersive and surprising. I enjoyed this VR experience and will watch it again and again. A beautiful experience This VR experience is part of a whole series of experience based on Astronaut Turova's first steps as an astronaut in the early '90s. It's a very nice experience, very much worth it, very different, interesting and funny. I strongly recommend it! Humanity What is Humanity? A series of VR experiences which provides scientific-based and entertaining VR experiences. All your experience c9d1549cdd

It is now the year 3012. You are in charge of the caverns of the Shen dynasty. Resting in peace behind you is the empire for which you fought so bravely. But your grandchildren and great-grandchildren will inherit a terrible legacy; the line of Shen will cease to exist. As you enter a long, slow, inevitable decline, your first action as emperor is to create the time machine. With your ancestor's genius, you build an open-source time machine that will bring you back to the glorious days of old. In this future time, you forge a new empire, which will also honor your ancestors' work, and defend the important research achievements of all eras. For the future of the Shen dynasty depends on your decisions. Admire your ancestor's work and create improvements. The Empire Shall Rise Again: What do the first actions of an emperor do? This is the question you must answer. Will you develop the technologies of your ancestors, or will you persist in turning this world into the Dark Realm of Shen? Create a unique empire that will be a stage for your ancestors' legacy! Features of Overworld: * 7 propagating levels - a mix of basic and detailed terrain * 240 map tiles - more than

double the number of tiles that are usually included in common strategy games * Every single map tile can be oriented to any direction * 3 propagating levels per tile, or 9 per layout * 7 layouts - one per each propagating level * Open-source time machine * More than 15,000 inventory items * More than 600 weapons * More than 200 maps, each with at least one layout * More than 4,000 types of materials, all of them unique * More than 3,000 items with per-material attributes * Re-recording based on saved data * Installation of more than 100 types of NPC * True physics, animations, and monster movements (possible in combat) * Overlaying existing maps with additional terrains * Non-Doom Font, which allows you to play on any monitor * Automatic sync with the game across multiple devices (including smartphones) * Automatic patrol of positions * Map setting, taking a screenshot * Map preview * Map recording in BMP, TGA, PNG, JPG, ICO, and JPEG formats * True night and day cycle * Configurable AI difficulty (from easy to very hard) *
