Elden Ring Introduction

Players have been obsessed with the imaginary story, Monsters, and Dungeons & Dragons since the 1970's. In the midst of the fantasy craze, this game attracts new fans for a variety of reasons. These include a realistic fantasy style that combines 2D and 3D worlds. And the gloomy and dark atmosphere of this fantasy provides a high sense of emotional engagement.

Second, this is a fantasy RPG where the sense of timing and anxiety seem to matter more than typical role playing games, and so viewing the characters as humans and giving them actions that feel enjoyable to play returns the player's obsession to the genre.

Third, it is a fantasy RPG made with the intention of providing content that's fun and exciting to play as a RPG fan. To do this, it's designed with beginners and veterans in mind. It's easy to learn the controls and play, and it's challenging to the point of rewarding you regardless of your level.

The prices for the boxes vary depending on the region (North America=EUR 149; Europe=EUR 199; Australia and New Zealand=AUD 159; Japan=AUD 199; Asia=AUD 249). But, thank you for supporting Indies of the Web, Inc.
