"The new fantasy action RPG from the makers of Final Fantasy 14, Diablo III and Heroes of the Storm, is a game for hardcore fans of heroes, danger and grandiose adventures. While not as visually stunning as the aforementioned games, it's a game which comes with a large selection of endgame content and systems. From the moment you start the game up for the first time, you're thrown into a vast and beautiful world where you're able to explore alone or with up to three other players." (PCGamer, UK, review by Giant Bomb) "I have played some Final Fantasy games and Heroes of the Storm in the past, but have never played the game before and therefore was very interested in this new fantasy action RPG. The biggest problem when I heard about it was whether I would enjoy it or not as it sounded very similar to Diablo III." (GameRevolution, Germany, review by 12w) "Elden Ring Activation Code feels like a RPG the likes of which has never been seen before. Take a step back and take a look at it now, the game has become so similar to traditional RPG's that it feels like a competition which has already existed many times before. And when I say competition, I don't mean a game that simply has the same idea as FF14 or TOR, but one that has actually succeeded in making an RPG that you can actually enjoy." (RPGFever.de, review by Uta) REVIEWS DEVELOPER: "Fantasy action RPG Elden Ring from Square Enix is known for creating game installments such as Final Fantasy XIV, Diablo III, and more. Besides this, the studio already has Heroes of the Storm and the previously mentioned Terran Front. Those with an eye for fantasy RPGs, of course, should already have an idea what to expect." (Entertainmentwise, UK, review by Callum) "Whether you're looking for a technical masterpiece or just a thrilling RPG experience, you'll find both in Elden Ring. It's an intriguing mix of action and role-playing, and a great deal of fun." (New Releases, Japan, review by Sugimori Mika) "Elden Ring is a kind of game that will be familiar to fans of Diablo III. It has a simple and stylish world, which is splendidly presented, and moves between dungeons." (Cinema, review by Masayuki Matsutani) "Elden Ring will be bff6bb2d33
